# WELLINGTON'S STRATEGIC FUNDAMENTALS

## ALL SERVICES, PROJECTS & PROGRAMS ALIGN TO THE FIVE FUNDAMENTALS

1. ***Neighborhood Renaissance*** - creating and encouraging safe neighborhoods, neighborhood revitalization and redevelopment, citizen involvement, and protecting and stabilizing property values.
2. ***Economic Development*** – retaining and attracting new businesses, flexible business regulations, a business-friendly economic environment, business education, equestrian branding, and supporting core business services.
3. ***Protecting our Investment*** – focusing on maintaining and improving Wellington's infrastructure – roads, drainage, water & sewer systems, parks and green space, and public buildings.
4. ***Responsive Government*** – ensuring local government is responsive, open and transparent to the public and pursuing policies that are accountable to residents and stakeholders.
5. ***Respecting the Environment*** - developing processes which maintain and preserve green spaces and other natural areas and aim to provide affordable, clean, energy-saving alternatives for today's residences and businesses; continually looking for ways to reduce the environmental impact of operations and by seeking continuous improvement in our environmental management efforts, all with the goal of reducing Wellington's ecological footprint.
